Fixed airfares: if your airline ticket was issued in advance, often done to avoid significant surcharges, you will be charged 100% of any non-refundable fees if you wish to change or cancel your flight plan.

Fixed in-country costs: early charges for firm bookings will be charged if you cancel or modify your trip. Insurance costs: if you have taken out comprehensive or cancellation insurance, the cost of insurance is due and cannot be refunded.

**Please note that fees apply according to the date we receive your cancellation or modification request in writing.**

If we have to cancel a departure due to an insufficient number of participants, you will be informed no later than 21 days before departure and a full refund will be issued, you will not be entitled to further compensation. We reserve the rights to cancel departures due to exceptional circumstances which may impact the safety of participants. Such circumstances include those amounting to 'force majeure' in which case participants will receive a full refund but they will not be entitled to any compensation.

## ***Modification du contrat***

If you wish to make a change to your booking please contact Altaï Svalbard in writing; you will be expected to pay any fee which might arise from this change. In the event of unforeseen external events, Altaï Svalbard may change some aspects of the travel contract. If any changes are necessary you will be informed as quickly as possible.

## ***Prix et révision des prix***

The prices on our website are updated regularly and all of the prices we advertise are accurate when published. We reserve the rights to make changes to any of these prices. Before you make a booking we will give you the up-to-date price of your chosen holiday including any supplements, upgrades or additional activities you may have requested. If the number of travellers is fewer than the indicated number of participants on the website, a small group surcharge may be applied. For all of our trips we include details of services, prices and what is/is not included but please be aware that changes to the prices may be necessary in accordance with exchange rates or price changes of various components of the journey.

## ***Cession du contrat***

If you are unable to travel for any reason, you can transfer your booking to another person in which case our modification conditions apply. Both the transferor and transferee will be jointly and severally liable for payment of the total holiday price and other associated expenses. Some airline carriers treat name changes as cancellations and you may be required to pay for the cost of a new ticket.

## PRACTICAL INFO

### ***Staff***

---

You will be welcomed at the airport by a representative from our friendly team and accompanied for the duration of your holiday. Armed with an abundance of experience and a wealth of knowledge our professional Svalbard team are experts in polar environments. All activities are lead by our qualified guides who are all English speaking outdoor practitioners with a passion for everything arctic. Please note that this adventure takes place in an isolated, polar environment where around 2500 Polar Bears live - your guide will explain safety rules which must be followed.

### ***Food***

---

Besides one evening meal in Longyearbyen this trip includes full board, for your evening meal on day 9 there are shops and kitchen facilities available or local restaurants for you to sample - we have lots of recommendations!

Despite the lack of fresh fruits and vegetables in the arctic regions we are proud of the varied, fresh and frankly delicious food we provide even when camping. Meals are based on a selection of local products and you will have the opportunity to try several local delicacies. Each day will start with a cold breakfast accompanied by plenty of tea and coffee or hot chocolate. Then you will prepare your own picnic lunch for the day from a buffet style array of options. Evening meals will include three courses, soup, a hot dish and a dessert- we try to offer fresh fruit and vegetables everyday but please be aware that this is not always possible in an isolated arctic environment.

Your help in the kitchen is expected and much appreciated, particularly in the evenings. We like when the whole group work as a team to cook dinner, it creates a pleasant atmosphere as we reflect on the days adventures together.

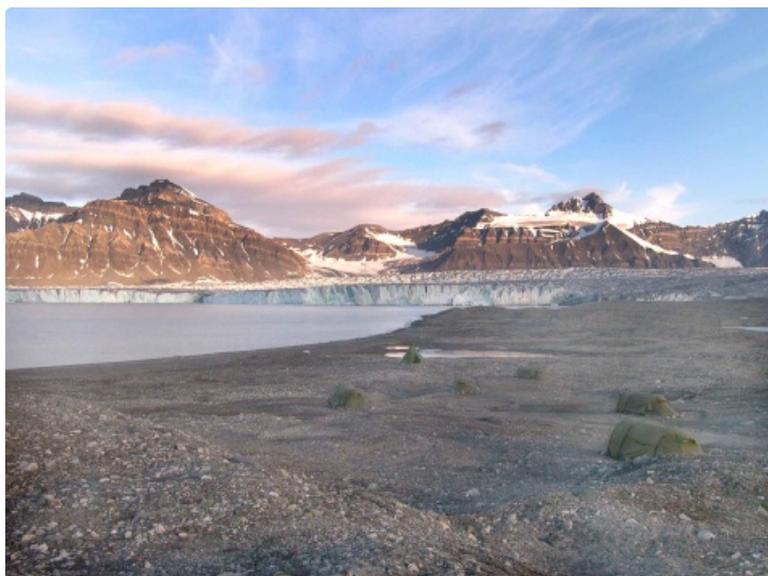

Please let us know about any dietary requirements when you book the trip and we will work with you to cater for your needs.

### ***Accommodation***

---

Longyearbyen: 2 nights guesthouse or private apartment accommodation , double rooms, shared kitchen and bathroom facilities.

Camping adventure: normally we provide a 3 man dome tent per 2 people, we use equipment appropriate for Svalbards sometimes changeable conditions. We will also provide a spacious mess tent for meal times, fully equipped with kitchen equipment including a table and stools.

### ***Transportation***

---

This trip includes transportation by local boat between Longyearbyen and the Svea Glacier area

## ***Budget & exchange***

---

The currency in Svalbard (and Oslo) is the Norwegian Krone, NOK

Please budget for:

- Any additional activities
- Drinks and personal expenses
- One evening meal in Longyearbyen, kitchen facilities, shops and restaurants available.

We recommend a budget starting from €30 / 290NOK for a traditional meal in a local restaurant

## ***Tips***

---

Tap water is always safe to drink in Norway.

## ***Supplied equipment***

---

We will provide you with all of the technical equipment you will need for this adventure - all you need to bring are your hiking boots.

### ***Group Equipment***

We will provide the group with...

- A 'Tepee' style mess tent with table, stools and cooking equipment
- 'Ortlieb' water belts
- A Sarsat beacon
- A VHF radio
- A heavy caliber rifle
- An alarm gun
- Mini-flares and penjectors for each group member
- A copy of Spitsbergens animal records
- A first aid kit
- Books about local flora and fauna

### ***Individual Equipment***

We will supply you with...

- A tent per two people (a 3 man dome tent for maximum space and comfort)
- A self-inflating sleeping mat
- A suitable synthetic sleeping bag ( -6°C)
- An aluminium thermos flask per 2 people
- Helly Hansen fleece lined salopettes for kayaking and when ashore

Sea-kayaking equipment

- A tandem sea kayak with directional rudder (1 per 2 people)
- A Gore-tex dry suit with integrated warm fleece liner
- A pair of kayak pogies
- A spray deck
- A life jacket with two pockets
- A neoprene balaclava
- 1 pair of 'croc' style shoes/sandals

Our sea kayaks were chosen for their stability and comfortable, they are suitable for first time kayakers. Average speed 2-3 miles per hour, up to 6 miles per hour. Suitable for all sea conditions and in the unlikely event of capsizing they are surprisingly easy to right, even at sea you would be back on board and paddling in no time.

## ***Vital equipment***

---

For Longyearbyen

- Your swimming stuff (for the pool or sauna options)
- Clothes for travelling in (these can stay here when you are on the expedition part of this adventure)
- A small towel and your personal toiletries

For the expedition

- A sleeping bag liner
- Your walking boots
- Waterproof, windproof jacket (with a hood)
- Waterproof trousers (breathable)
- Warm gloves and hat
- Thermals - top & long johns
- A fleece/jumper
- Suitable underwear, t-shirts and walking trousers
- Thin socks and thick socks (we recommend bringing 3-4 pairs of thick socks)
- Sunhat and sun cream
- Sunglasses (UV 400)
- Toiletries and toilet roll
- Any personal medication
- A water bottle/flask
- A small rucksack to use as a day bag
- Head torch & spare batteries (although it is nearly always light in the summer months)

## **Material**

---

We prefer that you do not wear cotton clothing, including underwear, when participating in activities. When cotton gets wet from water or sweat it ceases to insulate and it does not dry fast. The best materials for outdoor activities are fast drying materials like polyester or materials which are warm when wet like wool.

The most powerful materials against the wind and rain are 'breathable' materials like Gore-Tex or Nikwax.

### ***Our advice for keeping warm***

It can be humid and cold in Spitsbergen, please think carefully about what clothes you pack especially for our winter trips. We will provide warm outer layers but the layers you wear next to your skin can make the biggest difference. We recommend:

- No cotton
- Bring dry spares of everything, including underwear and gloves
- Wear multiple layers including:
  1. A warm breathable base layer
  2. A second thermal layer
  3. Wind and waterproof protective out layers

## **Helpful equipment**

---

You may also consider packing

- Your camera (with protective case)
- Binoculars
- A comfortable evening outfit
- A comfortable pair of shoes for the evenings
- Walking poles
- Inflatable pillow
- Insect repellent
- A knife
- A notepad and pencil
- Plastic bags for wet/dirty clothing

## **Luggage**

---

You may bring a hold bag (up to 20kg) as well as a cabin bag.

For you hold luggage please bring a soft bag like a ruckack rather than a hard cased suitcase because it is more practical when loading local buses and trailers. We also recommend that you pack your clothes in plastic bags inside your rucksack so that they stay dry in the event of bad weather.

Don't forget to bring a small rucksack to use as a day bag. You can bring this as hand luggage on the plane. You will carry your lunch, water, spare layers and any personal medication with you each day in this bag.

## **Medicine**

---

Your guide is a trained first-aider and will carry a full first aid kit at all times during the trip. Please bring with you any personal medication that you may need such as inhalers, plasters and painkillers.

Healthcare in Norway can be extremely expensive, we strongly advice all of our clients to invest in insurance before travelling.

## **Passport**

---

You will need a passport that is valid for at least three months after your return date.

## **Visa**

---

The Norwegian archipelago of Svalbard is a visa-free zone

## **Mandatory vaccines**

---

There are no specific health risks

## **Health information & recommendations**

---

Please be aware that your guide will be carrying a gun along with other safety equipment to alarm/repel any Polar Bears.

Healthcare in Norway can be extremely expensive, we strongly advice all of our clients to invest in insurance before travelling.

## **Weather**

---

The weather in the Svalbard archipelago is very changeable.

The average annual **rainfall** in Longyearbyen is only 200mm (7.87 inches), in London, England, the annual average is 594mm (23.4 inches)! Spitsbergen is a cold desert, showers are very rare in summer.

In summer **temperatures** can range from 1 - 14°C (34 - 57°F), the average temperature is 6 - 8°C (43 - 46°F). The temperature of the sea in summer is around 2°C (35°F) on the West coast and -2°C (28°F) on the East. It is always colder nearer the glaciers.

Strong katabatic **winds** can occur here, particularly near to high glaciers but the winds are normally calm in June and July. Summer winds can generally be described as moderate and localised, the winds tend to pick up towards the end of August as winter nears.

Dark polar nights occur from 14th November to 29th January, the full moon shines across the snow creating a beautiful glittering winter landscape. Then, from 19th April to 23rd August, the sun shines constantly, uninterrupted, high in the sky.

## **Electricity**

---

In Spitsbergen the standard Europlug socket with two round prongs is used, 230V with a frequency of 50hz

## **Local time**

---

Svalbard uses Greenwich Mean Time (GMT) +1 hour and Daylight Saving Time (DST) is observed here.

## **Topography**

---

- The Norwegian Svalbard archipelago is the closest territory to the North Pole; Spitsbergen is the name of the largest island.
- Svalbard covers an area of around 39146 square miles (63000km<sup>2</sup>) and two thirds of this polar world are constantly covered by ice.

- The archipelago was deserted by human civilisation for a very long time but today has over 2600 inhabitants.
- The archipelago has 3 National Parks, 3 Nature Reserves, 15 Ornithological Reserves (bird reserves) and 3 Botanical Reserves.

## ***Sustainable tourism***

---

As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously. We respect the 'Leave No Trace' outdoor ethical code and try to explore this beautiful location whilst causing minimal environmental damage.

In the Polar Regions the ecological balance is delicate so we ask that you are particularly careful regarding the conservation of the sites we explore. We aim to leave our camping spots even cleaner than when we arrived and, as a company, we participate in the Clean Up Svalbard programme. We support the laws, advice and recommendations which aid the conservation and protection of this unique arctic paradise. This is reflected in our trips, for example, we do not visit Ornithological Reserves during nesting season and never remove historical remains or whales bones from the beaches. We hope that all of our clients will respect our philosophies and embrace these attitudes.

The Leave No Trace policy can be summarized in 7 simple steps which we hope you will follow during our trip...

1. Be prepared
2. Stick to trails and camp overnight right
3. Stash your trash and pick up waste
4. Leave it as you find it
5. Be careful with fire
6. Respect wildlife
7. Be considerate of other visitors

Over the years we have built up good relations with our local suppliers and we are keen to support local businesses as much as possible. We are a small company and we pay our local partners and suppliers directly insuring fair rates.

Our small group sizes not only provide a more intimate adventure but also cause less impact on the environment and local communities.

We expect all who travel with us to support and uphold our Sustainable Tourism philosophies.
